Statement of intent

This policy is underpinned by Sections 42A and 45A of the Education Act 1997, and has due regard to the DfE's statutory guidance, 'Careers guidance and access for education and training providers'.

The main aims of careers provision at Parkside House School are to:

- Prepare pupils for life post-education.
- Develop an understanding of different career paths and challenge stereotypes.
- Develop an understanding of the differences between school and work.
- Inspire pupils to chase and achieve their dreams.
- Help pupils to access information on the full range of post-16 education and training opportunities.
- Support pupils after leaving school.
- Offer targeted support for vulnerable and disadvantaged young people.
- Instil a healthy attitude towards work.

Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1997
- Education and Skills Act 2008
- Apprenticeships, Skills, Children and Learning Act 2009
- Equality Act 2010
- Children and Families Act 2014
- Technical and Further Education Act 2017
- The School Information (England) (Amendment) Regulations 2018
- DfE (2018) 'Careers guidance and access for education and training providers'

This policy operates in conjunction with the following school policies:

- Complaints Procedures Policy
- Provider Access Policy Statement
- Child Protection and Safeguarding Policy
- Guest Speaker Policy

1. Roles and responsibilities

The governing board is responsible for:

- Ensuring that all registered pupils are provided with independent careers guidance from Year 8 to Year 13
- Ensuring that arrangements are in place to allow a range of education and training providers to access all pupils and inform them about approved technical education qualifications and apprenticeships. A policy statement will set out these arrangements.
- Ensuring that the independent careers guidance is presented in an impartial manner, showing no bias or favouritism towards a particular institution, education or work option.
- Ensuring that the guidance includes information on the range of education or training options, including apprenticeships and technical education routes.
- Ensuring this policy does not discriminate on any grounds.
- Handling complaints regarding this policy as outlined in the school's Complaints Procedure Policy.
- Providing clear advice and guidance to the headteacher on which they can base a strategy for careers education and guidance, which meets the school's legal requirements.

The careers leader is responsible for:

- Managing the provision of careers information.
- Liaising with the headteacher and the careers adviser to implement and maintain effective careers guidance.
- Liaising with the PSHE leader and other subject leaders to plan careers education in the curriculum.

- Establishing, maintaining and developing links with FE colleges, universities, apprenticeship providers and employers.
- Providing pupils with effective careers guidance.
- Advising senior leadership on policy, strategy and resources for careers education, information, advice and guidance (CEIAG).
- Preparing and implementing a development plan for CEIAG.
- Reviewing and evaluating the programme of CEIAG.
- Using the [Gatsby Benchmarks](#) to improve the school's careers provision and ensure compliance with legal duties, with an ultimate aim to meet all benchmarks.
- Allowing pupils to have access to providers of technical education, such as colleges, and apprenticeships to ensure every pupil is well-informed about their future options at every stage.
- Engaging with the designated teacher for LAC and previously LAC to ensure they know which pupils are in care/are care leavers, to understand their additional support needs and to ensure that any personal education plans can inform careers advice.
- Ensuring that pupils with SEND understand their different career pathways, and enabling them to gain the skills, knowledge and experience they require to achieve their career goals.

The careers adviser is responsible for:

- Reporting regularly to the careers leader and SLT, regarding pupil progress and the effectiveness of the school's career plan.
- Providing a thorough, personalised career service throughout the school.
- Staying up-to-date with relevant CPD and developments in the CEIAG sector.
- Producing careers information and guidance through online and hard copy literature, and visual displays in school.
- Organising workshops for pupils and actively promoting the careers service in-house at open evenings, presentation days, assemblies and parents' evenings.
- Developing incentives and initiatives which actively encourage pupils to sign up to the school's career service.
- Attending regular meetings with the careers leader to discuss the school's career plan.
- Providing an open-door service for pupils once a week to drop in and discuss their options.
- Arranging meetings and follow-up appointments with pupils who are interested in the careers service.
- Offering services to past pupils for up to a year after their departure from compulsory education.
- Coordinating with the designated teacher for LAC and previously LAC to work with the relevant virtual school head (VSH) to ensure a joined-up approach to identifying and supporting career ambitions is achieved.

Teaching staff are responsible for:

- Ensuring careers education is planned into their lessons.
- Attending any relevant CPD or training to ensure they are up-to-date with the school's careers plan.
- Promoting careers guidance in the classroom through visual aids.

- Creating a learning environment that allows and encourages pupils to tackle real life challenges, manage risks and develop skills that can be applied to the workplace.

2. A stable careers programme

The school will have its own careers programme in place which meets the requirements of the eight Gatsby Benchmarks. The programme will be reviewed termly against the benchmarks to ensure it remains on target.

Details of the school's careers plan will be published on the school website inviting pupils, parents, teachers, governors and employers to provide feedback.

A careers leader will be appointed to ensure the leadership and coordination of a high-quality careers programme. The careers leader is recruited alongside the suggested requirements to ensure the role is correctly fulfilled. The name and contact details of the careers leader will be published on the school website. A careers adviser will be appointed to support the careers leader and to provide individual, tailored careers guidance to pupils. The careers adviser is **James Carr**

The school will work towards the [Quality in Careers Standard](#) to support the development of their careers programme, ensuring the programme is reviewed termly to ensure it is in line with the required standards.

3. Labour market information

The school will ensure every pupil, and their parents, has access to good-quality information about future study options and labour market opportunities. Pupils and their parents will be referred to the National Careers Service, which offers information and professional advice via a website, helpline and web chat.

The school will ensure pupils and their parents understand the value of finding out about the labour market, and support them in accessing this information. Pupils and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.

The school will ensure that all pupils, by the age of 14, have accessed and used information about career paths and the labour market to inform their decisions on study options. Pupils will be provided with the necessary links and information that will enable them to access this. Access will be monitored to review whether pupils are making the most of the service, and if not, what can be done to ensure they do.

The school will make use of local enterprise partnerships to provide pupils with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.

To support social mobility, the school will work to raise pupils' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes;

arrangements will be made for pupils to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that STEM qualifications lead to.

4. Addressing the needs of pupils

The school's careers programme will aim to raise the aspirations of all pupils whilst being tailored to individual needs. The programme will inform pupils of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.

All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure pupils from all backgrounds, gender and diversity groups, and those with SEND, can consider the widest possible range of careers.

The school will ensure that careers guidance is differentiated, if appropriate, and based on high aspirations and a personalised approach. The SEND local offer will be utilised; annual reviews for a pupil's EHC plan will be informed by good careers guidance.

The careers leader will work closely with the SENCO and other staff to support pupils with understanding different career pathways and how to develop the necessary skills, knowledge, experience and qualifications to succeed and fulfil their potential. The school will work with families of pupils to help them understand what career options are available.

Surveys will be conducted to find out individual pupils' aspirations. The results of the surveys will create careers guidance and experience that will be tailored to pupils needs based on their own aspirations and abilities.

Careers guidance will take account of the full range of relevant education, training and employment opportunities. It will inform pupils about the ways employees with SEND are supported in the workplace, and how jobs can be adapted to fit a person's abilities. Guidance will focus on a pupil's career aspirations and the post-16 options which are most likely to give the pupil a pathway into employment or HE.

The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Pupils will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.

Pupils with SEND will have the opportunity to hear from adults with disabilities who have succeeded in their careers as part of the school's successful careers strategy.

When arranging work experience for pupils, the school will work with the employer to determine any additional support that will be needed during the work placement.

Comprehensive and accurate records will be kept to support the career development of pupils. These will be stored securely in the careers office. Access will be allowed to this information, should a pupil or their parent request it.

Destinations data will be retained by the school for at least three years. This data, e.g. the percentage of pupils attending sixth form in the following term, will be published on the school's website alongside the school's careers programme.

The school will collect and analyse destinations data to assess how well the careers programme is countering stereotypes and raising aspirations. The data will be reviewed by the headteacher and careers leader on a termly basis who can then base further development of the school's career guidance plan on the results and areas of success or failure.

5. Targeted support

The school will work with the LA to identify pupils who are in need of targeted support or those who are at risk of not participating in post-16 pathways. Agreements will be made over how these pupils can be referred for support drawn from a range of education and training support services available locally.

The school will work with Jobcentre plus under their 'Support for Schools' programme.

The school will ensure that pupils understand the programmes available to support them and the financial costs associated with staying in post-16 FE. To support pupils who are likely to need support with post-16 participation costs, such as those with SEND, the school will work with the LA and local post-16 education or training providers to share pupil data and ensure these pupils receive such support.

Pupils will be made aware of the 16-19 Bursary Fund, which has been devised to support those individuals with a financial hardship. They will be advised of how to access this funding and who they should speak to in order to find out more information.

6. Curriculum

The school will work to encompass careers education and guidance into subjects across the curriculum. All teachers will be asked to support the career development of young people in their role and through their subject teaching.

Every year, from the age of 11, pupils will participate in at least one meaningful encounter with an employer; at least one of these encounters will be with a STEM employer or workplace. These encounters will include:

- Careers events such as careers talks,
- Transitions skills workshops such as CV workshops and mock interviews.
- Mentoring and e-mentoring.
- Employer delivered employability workshops.
- Business games and enterprise competitions.

7. Work experience

The school will try to ensure that all pupils have had at least one experience of a work place by the age of 16, and one further such experience by the age of 18. However due to the nature

and anxiety levels of our pupils it will not be possible for all. The school will use the virtual work experience programme for pupils who can not access work experience

16-19 study programmes will require high-quality and meaningful work experience. A flexible approach will be adopted for younger pupils, including the following:

- Workplace visits
- Work experience (1-2 weeks)
- Job shadowing
- Career-related volunteering and social action

8. Further education (FE)

Pupils are required to remain in education or training until their 18th birthday. Many of our pupils will remain in education until they are 25 due to their ongoing needs.

The school will provide pupils with a range of information and opportunities to learn about education, training and career paths suitable for their additional needs throughout their school life,

Pupils will be encouraged to use information tools, such as websites and apps, which display information about opportunities. Education and training providers will have access to all pupils in Years 8 to 13 for informing them about approved technical education qualifications and apprenticeships.

The school will ensure that there are opportunities for providers to visit the school and speak to pupils in Years 8 to 13 by maintaining connections with providers of FE and apprenticeships, and arranging regular visits, presentations and workshops.

A policy statement will be published on the school website and will include:

- Any procedural requirements in relation to requests for access.
- Grounds for granting and refusing requests for access.
- Details of premises or facilities to be provided to a person who is given access.

9. Personal guidance

All pupils will be provided with opportunities for personal guidance interviews with a qualified careers adviser. Such interviews will take place by the time the pupil reaches age 16, with the opportunity for a further interview by the age of 18.

Careers advisers will meet the professional standards outlined by the [Career Development Institute](#). And Careers advisers working with our pupils with SEND will use the outcome and aspirations in the EHC plan to focus discussions. Careers advisers working with LAC or care leavers will use their personal education plan to focus discussions. These pupils will have a named adviser who will build a relationship with them to better understand their individual needs.

10. Information sharing

The school will provide the relevant information about all pupils to the LA support services including:

- Basic information, such as the pupil's name or address.
- Other information that the LA requires to support the pupil to participate in education or training to track their progress.

The school's privacy notice will offer pupils and their parents the opportunity to ask for personal information not to be shared.

11. Monitoring and review

The governing board, in conjunction with the headteacher and careers leader, will review this policy on an annual basis, taking into account the success of supporting pupils in accessing post-16 education and training. The headteacher will make any necessary changes to this policy, and will communicate these to all members of staff.

Date of This Review	November 2021
Date of Next Review	September 2022
